Complaint Source: Retail Pharmacy

Customer Name: MedCare Pharmacy, Mumbai

PRODUCT DETAILS

Product Name: Atorvastatin Tablets

Strength/Grade: 20 mg

Batch/Lot Number: ATR-2024-B0421

Manufacturing Date: 2024-01-10

Expiry Date: 2026-01-09

COMPLAINT INFORMATION

Complaint Type: Contamination

Quantity Affected: 3 blister packs (90 tablets)

DETAILED DESCRIPTION

The pharmacist at MedCare Pharmacy, Mumbai, reported that customers returned three blister packs of Atorvastatin 20mg Tablets (Batch ATR-2024-B0421) due to the presence of unusual black discoloration on approximately 30% of the tablets. The tablets also had an abnormal odour described as chemical or musty.

Upon further inspection, two of the three packs also showed signs of seal integrity failure -- the blister foil was partially peeled on one edge, potentially exposing tablets to ambient moisture. Customers reported that one patient experienced gastrointestinal discomfort after consuming a tablet from this batch, though no hospitalisation occurred.

The pharmacy has quarantined the remaining stock from this batch (approximately 12 additional blister packs) pending investigation by the manufacturer.
